

The background of the entire page is a dark blue grid. On the left side, there is a large, semi-circular MRI scan of a human brain, showing internal structures in a lighter blue. In the upper right quadrant, there is a white wireframe model of a human head and shoulders, facing right. A white ECG line is positioned horizontally across the upper middle of the page, with a small vertical spike in the center.

AN INTERVIEW BY DR. SHEM DHARAMPAUL
